Boasting two championship golf courses designed by legend Arthur Hills, Quail Creek offers challenge and intrigue on every hole. The shorter QUAIL COURSE is member friendly and provides ample opportunities to attack and make that epic shot. Our challenging, CREEK COURSE is the golf aficionados preference due to its longer length and varying approaches.

However, the golf life at QCCC is much more than tee times on our beautiful courses. Class A Golf Members enjoy top-notch practice facilities, club events and tournaments, and expert lessons and clinics from our PGA Pros.

*“ The two Arthur Hill golf courses at Quail Creek are some of the best in Southwest Florida. The food and beverage, and racket operations are also top notch. Joining Quail Creek was one of the best decisions we made upon moving here. The new facilities now under construction will make the club better still and we are happy to be part of this dynamic and welcoming organization.*

**Keenan Frank**

*“ The staff here are incredibly diverse and friendly. They absolutely go out of their way to make you feel special. The chef is one amazing magician. Don't miss the buffets, ESPECIALLY the burger night. Simply phenomenal. Absolutely worth every cent.*

*“ One of the finest courses I have played in Naples. Loved the friendly people working the pro shop and the young people taking care of us when we arrived. Wish I could afford to buy a place there. Close to I-75 and beautiful homes. Spacious grounds. A beautiful experience.*
